Message from the chair:

Another exciting year of change has arrived for the Mercy Health Foundation in the Mahoning Valley!

I am so pleased to welcome the new president of the Mercy Health Foundation, Paul Homick. He comes to us with a world of experience in philanthropy, and we are fortunate to

have him join our team here in the Valley. I hope you will take the opportunity to introduce yourself to Paul, ask him to lunch, or just send him a friendly email at Paul_Homick@Mercy.com to wish him well and ask what you can do to help.

The Sisters of the Humility of Mary and other leaders in our community have always shown us that we need to put the wellbeing of others before our own. Their legacy is one of caring for others, those outside of our usual sphere of concern, who need our help. In taking up this legacy of caring for others, we will not only find personal fulfillment; we will lay the groundwork for others to continue carrying on this important work in the future.

It is wonderful to see the Sabine family recognized for their contributions to the efforts and the mission of the Mercy Health Foundation. I have known Dave for more years than I can count, and he has always had a sense of responsibility to the legacy of caring that we carry in the Mahoning Valley. I met Madelon when she served on the committee to help develop funds for the Joanie Abdu Comprehensive Breast Care Center, and she was, and is, a gracious and enthusiastic volunteer. I know you will enjoy learning a little more about this interesting family!

Karen S. Cohen
